

*Season's  
Greetings!*

**CDN**

## Merry Christmas and Happy New Year!

With the Holiday Season upon us, we find ourselves reflecting on the past year and on those who have helped to shape our business in the most appreciable way. We value our relationship with you and look forward to working with you in the year to come.

We wish you a very happy Holiday Season and a New Year filled with peace and prosperity.

**CDN 2019 Highlights**

- The recent addition of our newest Haas CNC Lathe and Haas CNC Mill gives us the capacity to better serve our client's unique project needs. We can now turnaround custom shapes and complex parts more quickly and efficiently, with higher overall quality.
- This year, we also added a new 3D printer to our equipment lineup. The Onyx Pro is capable of printing parts for a wide variety of applications, making it the perfect solution for clients who need quick production and high component quality.
- A new furry friend has been added to our Wisconsin office to accompany Riley. [Watch Riley and Finn in action.](#)

## Searching for Engineers?

With engineers in high demand, it can be hard to find the perfect fit for your team when the options are so scarce. At CDN, we are a highly adept team of seasoned engineers with over 50 years combined experience in product development. Over the years, we have complimented single person startups to Fortune 500 companies as an extension to their team providing a fresh perspective and innovative results.
